

Ultra-Fit Cast Sock

By Comfort Products

Ultra-Fit Cast Socks from Comfort Products are truly the ultimate cast sock! They have amazing stretch that allows them to fit like a glove. They will conform to irregular shapes, including Symes and Chopart amputations. The unique knitting process allows them to be cut to length without running or unravelling. The knitted toe pocket with minimal side seam eliminates the common heavy seam at the distal end of the sock.

Ultra-Fit Cast socks are half ply in thickness and will accommodate up to a 26" circumference. Available in convenient packages of six.

CAST PANTS

By Comfort Products

Cast Pants from Comfort Products allow the modesty of a patient to be protected helping to eliminate embarrassing moments. The special design and use of fine gauge cotton allows for great stretch. Both legs are seam free and the cast pants can be used as a stand alone cast sock, or in conjunction with separate cast socks. Extremely economical!
